Hospitalization rates for chronic conditions and county rankings

Condition ¹	Hospitalization Rate ²		County Rank ³
	State	County	
Diabetes	21.3	24.1	60th
Heart Failure	41.3	65.7	66th
COPD ⁴ or Asthma (ages 40 or older)	58.2	64.3	43rd
Bacterial Pneumonia	29.9	47.5	58th
Asthma (ages 18 to 39)	6.7	7.4	53rd

¹ These conditions were defined using the Prevention Quality Indicators developed by the Agency for Healthcare Research and Quality (www.qualityindicators.ahrq.gov).

² Per 10,000 residents.

³ Rankings are 1-67, where 1 is lowest (best) hospitalization rate. Higher rank might be dependent on population differences among counties (an older population, for example). Rates were not adjusted for population differences so that important effects of these patient characteristics were not masked by such adjustment. Note that 19.7% of Elk County residents were age 65 or older; statewide, the percentage was 16.0%.

⁴ Chronic Obstructive Pulmonary Disease

Medicare payments

One way to examine health care resource use is to look at Medicare spending. The following table shows on average the amount Medicare spent per county enrollee in 2012.

Average Medicare Spending Per Enrollee	
State	County
\$9,724	\$9,452

These figures reflect actual (unadjusted) overall spending by the Medicare fee-for-service program (including hospital admissions, outpatient care, home health, etc.) for all Medicare beneficiaries regardless of age.

About PHC4

Created by the PA General Assembly in 1986, the PA Health Care Cost Containment Council (PHC4) is an independent state agency charged with collecting, analyzing and reporting information that can be used to improve the quality and restrain the cost of health care in the state. Today, PHC4 is a recognized national leader in public health care reporting. More than 840,000 public reports on patient treatment results are downloaded from the PHC4 website each year, and nearly 100 organizations and individuals annually utilize PHC4's special requests process to access and use data. PHC4 is governed by a 25-member board of directors, representing business, labor, consumers, health care providers, insurers and state government.
