

Common Procedures Report
October 1, 2024 through September 30, 2025 Data

Total Knee Replacement

Case Rate Per 10,000 County Residents

Statewide Rate: 43.5

Rates include Pennsylvania residents only (45,486 cases or 94.2% of all 48,262 cases for patients who underwent a total knee replacement) and were calculated using PHC4 inpatient and outpatient claims data and 2025 US Census Bureau population figures.¹ Rates are not adjusted for age or sex.
